

Kids Tennis Programs

MIDCOURT ADVANTAGE PERFORMANCE

This program is specifically designed for kids who are 9 & 10 years olds. While we still utilize age and size-appropriate racquets, the kids play on courts up to 60 foot with lower-compression **orange** balls. Our goals: get kids excited about playing tennis while teaching them good tactics and techniques which eventually have them mastering their game on full-size courts. Enrollment is on a monthly basis and fees must be paid on the first day of the month. There is a one-time \$25 registration fee. The program runs through Friday, May 25, 2012.
